### Student Financial Aid 2025-26

Institution: Georgia Institute of Technology-Main Campus (139755)

User ID: P1397551

#### Overview

##### IPEDS Student Financial Aid Component Overview

Welcome to the Student Financial Aid (SFA) survey component. The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students and military/veteran educational benefits for all students at your institution.

##### Data Reporting Reminders:

- Report data to accurately reflect the period(s) corresponding with the IPEDS survey component requested, even if such reporting seems inconsistent with prior-year reporting.
- Undergraduate Student Counts

You will be asked to report information for:

- All undergraduate students
  - Degree/certificate-seeking undergraduate students
    - Full-time, first-time degree/certificate-seeking undergraduate students (FTFT)
    - Non-degree/non-certificate-seeking undergraduate students

- Interactive Edits and Error Messages

The SFA survey component contains interactive edits to check for blank fields, invalid values, or values outside expected ranges. Some error messages require you to confirm or explain the values entered whereas other error messages are fatal and require you to contact the IPEDS Help Desk at (877) 225-2568 for resolution.

- Context Boxes

You will find optional text boxes throughout the SFA survey component. These text boxes allow you to provide more information or context about the data entered. Some context boxes may be made available to the public on College Navigator, so make sure the information you enter can be understood easily by students, parents, and the public.

##### Changes to reporting:

The following changes were implemented for the 2025-26 data collection period:

- Changed Section 1 of the SFA Survey to collect the same student counts and aid amounts for categories and sub-categories of undergraduate students.
  - What was previously Part B, which included all undergraduates, all degree/certificate-seeking undergraduates, and all non-degree/non-certificate-seeking undergraduates has been split into 3 parts – Part B (All undergraduates), Part C (All degree/certificate-seeking undergraduates), and Part D (All non-degree/non-certificate-seeking undergraduates)
    - Additional aid types have been added for these categories to align with data collected for FTFT non-degree/non-certificate-seeking undergraduates
  - What was previously Part C is now Part E, which includes all First-time, full-time degree/certificate-seeking undergraduates
    - Additional aid types have been added for these categories to align with data collected for the other student categories in Parts B-D
- Clarified instructions that institutions need to include Iraq and Afghanistan Service Grant (IASG) awards in Federal Pell Grant student counts and award amounts reported to IPEDS due to a change mandated under the Fostering Undergraduate Talent by Unlocking Resources (FUTURE) Act.
- Clarified what benefits need to be included in Section 2 of the survey component
  - Institutions should report Department of Veteran Affairs' Post-9/11 GI Bill tuition and fee, books and supplies, and housing benefits disbursed known to the institution in Section 2 of the SFA Survey.
- Clarified that institutions need to report the federal share of Department of Veteran Affairs' Yellow Ribbon benefits disbursed known to the institution in Section 2 of the SFA Survey.
- Revised FAQs and made other minor edits for clarity.

  - Values displayed for All undergraduate students, All degree/certificate seeking undergraduate students, and All non-degree/non-certificate seeking undergraduate students should match the values reported in Section 1, Part B;
  - Values displayed for Full-time, First-time degree/certificate seeking undergraduate students should match the values reported in Section 1, Part C; and
  - NCES calculated values for the student count and total amount of aid awarded for All other degree/certificate seeking undergraduate students should be the difference between the values reported for All undergraduate students and Full-time, first-time degree/certificate seeking undergraduate students.
- If values displayed do not match your institution's calculations, please correct the numbers reported before moving forward to complete Section 2 of the SFA Survey.
- Data for all degree/certificate seeking undergraduate students and full-time, first-time degree/certificate undergraduate students are published on College Navigator.

Note:

- Data for the 'all other degree/certificate undergraduate' students and all non-degree/non-certificate undergraduate students will appear in the IPEDS Data Center for data users, but not in College Navigator.

Student Financial Aid

Source	Description	Severity	Resolved	Options
<b>Screen: Section 1 - Student Financial Aid - Part E - Full-time, First-time Undergraduate Students</b>				
Upload File	Based on the data reported, the average amount of state/local government grant or scholarship aid awarded to FTFT Undergraduate students is larger than expected. Please correct your data or contact the IPEDS Help Desk for assistance. (Error #7107)	Fatal	Yes	
Reason	Overridden by administrator. The increase in the average state aid is due to the raised maximum award amount for the ZELL Scholarship in 2024-2025. PNK			
Upload File	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 10,623 and 11,987 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Due to uncertainty with the 2024-25 FAFSA, the financial aid office limited institutional loans, leading to more students turning to private loans. As a result, fewer students received institutional loans alone, which increased the average loan amount.			
Upload File	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 10,016 and 11,380 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	Aid in the form of waivers was awarded at a much lower rate in 2024-25 than in 2023-24, due to a reevaluation of awarding criteria. This resulted in a significant decrease in the average for this type of aid.			
Upload File	The average amount of this type of aid awarded to FTFT Undergraduate students is outside the expected range of between 2,412 and 3,776 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and correct or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason	In 2024-25, delays in federal FAFSA administration led to the financial aid office estimating awards for incoming students and prioritizing returning students for the SEOG award, causing a notable decrease in FTFT recipients.
